MEMORANDUM FOR: See Distribution

SUBJECT : Dovetail Modification to Zoom 70 Microstereoscopes

1. In response to several requests from the operational components, the Technical Development Staff solicited from [ ] a proposal to modify an additional quantity of Zoom 70 Microstereoscopes for the Dovetail attachment. 25X

2. An initial survey indicated that in excess of 100 units required modification. The cost of material and fabrication of parts is [ ] per set for quantities of 100-199 and [ ] for quantities in excess of 200. This price includes [ ] per hour in labor charges with an estimate of 2.4 hours required to modify each instrument. Transportation and subsistence will be charged if [ ] Technicians are required to do the work at NPIC. Nevertheless, it is strongly recommended that this procedure be adopted to avoid the delays which have occurred in the past when units have been sent to the Contractor's facility. Parts for the modification of these instruments will be available within seven months of the date of the contract. 25X

3. It is requested that Form 88's for those Zoom 70s requiring modification be submitted as soon as possible through normal channels.
